Funky D plays classic rock and greatest hits from the 50s to the 80s. It's music that's perfect for parties and barbecues, and right for bars, too. Hear favorites from the Stones, the Beatles, Creedence and Clapton along with songs from Jimmy Buffet, Santana, Huey Lewis, the Eagles and a lot more.

The incredible Hugh Fox is featured on lead guitar. Vocalist Greg Szczesniak nails the high notes and doubles percussion. Keyboardist Ted Knight covers organ, synth, brass, flute and piano patches, and plays killer keyboard bass. Drummer Larry Ruda learned classic rock when it was still new, playing with bands all over California in the 70s.

The band has a repertoire of more than 250 songs. Here's a sample.
